Highlights

Sensitive directional mic
To ensure the microphone is always optimally positioned to pick-up your voice.

Adjustable microphone
This easily adjusted boom will make sure the microphone is always optimally positioned to pick-up your voice.

On/off button
Very easy way to "on" or "off" the microphone. You can also mute your voice when you don't want your interactive partner to hear.

Integrated cable winder
A neat solution for storing the cable and adjusting its length for maximum convenience.
